

**6.0 IRREVERSIBLE OR IRRETRIEVABLE COMMITMENTS OF RESOURCES WHICH  
WOULD BE INVOLVED IN THE PROPOSED ACTION IF IMPLEMENTED**

Development of the Lot 76 parking ramp on the existing proposed site would preclude any other activity or development on that site in the near future.

Materials used in the construction of the building would also represent irretrievable commitments if the project proceeds. In addition, money used to pay for the facility would not be available for other program revenue uses or projects.

Energy resources used to construct and operate the parking structure would also be expended and irretrievably lost.
