
10 LIST OF PREPARERS

This OEIS/EIS was prepared for the Department of the Navy by Earth Tech/AECOM Environment. A list of key preparation and review personnel is included:

The Navy Technical Representative for this document is:

Lesley D. Leonard
Code EV22
Environmental Planning
Naval Facilities Engineering Command, Atlantic
6506 Hampton Boulevard
Norfolk, VA 23508

The contractor responsible for the preparation of this document is:

Earth Tech/AECOM Environment
One World Financial Center
200 Liberty Street
25th Floor
New York, NY 10281

Key personnel:

Naval Facilities Engineering Command (NAVFAC), Atlantic

Joel T. Bell, Protected Species Specialist: NEPA and protected species compliance program support for NAVFAC Atlantic, Marine Resources Support Group. Kutztown University, B.S., Marine Science; Duke University, Masters of Environmental Management (MEM).

Danielle M. Buonantony, Marine Resources Specialist: Marine science and protected species support for NAVFAC Atlantic, Marine Resources Support Group. University of Maryland, B.S. Zoology; Duke University, M.E.M. Coastal Environmental Management.

Kelly K. Knight, Navy Supervisory NEPA Analyst: NEPA oversight and technical review for NAVFAC Atlantic. James Madison University, B.S., Social Science; Florida Institute of Technology, M.S., Materiel Acquisition Management.

Anurag Kumar, Marine Resources Specialist: Marine science, protected species, and bioacoustics support for NAVFAC Atlantic, Marine Resources Support Group. California State University, Fresno, B.S., Biology-Ecology; California State University, Fresno, M.S., Marine Science.

Lesley D. Leonard, Navy NEPA Project Manager: NEPA analyst and project manager for NAVFAC Atlantic. Currently the NTR for the USWTR project. Old Dominion University, B.S., Biology; Old Dominion University, M.S., Biology (wetland concentration).

Deanna Rees, Wildlife Biologist: NEPA, natural resource, and biological compliance program support for NAVFAC Atlantic, Marine Resources Support Group. University of Idaho, B.S., Wildlife Resources; Certified Wildlife Biologist.

J. Carter Watterson, Marine Resources Specialist: Marine fisheries and protected species support for NAVFAC Atlantic, Marine Resources Support Group. University of Richmond, B.A., Biology; University of South Alabama and Dauphin Island Sea Lab, M.S., Marine Sciences.

United States Fleet Forces Command (USFF)

Jene Nissen, USWTR Program Manager: Environmental program acoustic analyst and Navy technical reviewer with NEPA experience. More than two decades of Naval operational experience. The Citadel, B.S., Electrical Engineering; Naval Post-graduate School, M.S., Applied Engineering.

David Smith, USFF Live Training Support Branch: Coordinates and validates all Fleet training and readiness requirements related to current and future ocean systems live training support infrastructure. More than two decades of Naval operational experience. Geneva College, B.S., Construction Technology; St Mary's University, San Antonio, Texas, Masters of Public Administration.

Naval Undersea Warfare Center Division, Newport, RI

Thomas Fetherston, Biologist: NEPA, natural resource, and biological compliance programs with NAVSEA, FFC, ONR, and the Naval Undersea Warfare Center (NUWC). Qualified surface warfare officer, active and reserve service. Duke University, B.S., Zoology; University of Rhode Island, Master of Marine Affairs.

Steve Jette, Electronics Engineer: Designs and installs undersea range systems for the DOD Ranges Engineering and Analysis Department at NUWC. Currently the systems engineer for the USWTR program. University of New Hampshire, B.S., Electrical Engineering.

Jessica Kutcher, Biologist: McLaughlin Research Corporation, contractor to NUWC: Researches, writes, and implements GIS for NAVSEA and NUWC in support of Navy at-sea environmental planning projects. Bowdoin College, B.A., Biology and Environmental Studies; post-baccalaureate student, Three Seas Marine Biology Program, Northeastern University; University of Rhode Island, M.S., Natural Resources Science.

Michael Larkin, Engineer: Conducts acoustic propagation analyses and environmental studies for the Marine Mammal Acoustic Effects Analysis program at NUWC. Experienced in modeling and simulation, algorithm development, and automatic classification. University of Pennsylvania, B.A., Environmental Design, Brown University M.S. Applied Mathematics/MS Engineering; University of Rhode Island, Ph.D. candidate, Physical Oceanography.

Space and Naval Warfare Systems Center (SSC Pacific)

Lois Dankiewicz, Research Assistant: Science Applications International Corporation (SAIC), contractor to SSC Pacific: Marine mammal behavior and training applications specialist for the U.S. Navy Marine Mammal Program. Moorpark College, A.S., Exotic Animal Training and Management; University of California, San Diego, B.S., Psychology.

Dr. James Finneran, Research Scientist: U.S. Navy Marine Mammal Program, SSC Pacific, San Diego. Research areas include the hearing abilities and effects of intense underwater sound on the auditory systems of marine mammals and fish. Ohio State University, B.S., M.S., Ph.D., Mechanical Engineering. Fellow of the Acoustical Society of America, Member of the American Society of Mechanical Engineers and American Auditory Society.

Dr. Dorian Houser, Contractor support to SSC Pacific: Marine mammal physiology and bioacoustic specialist with more than 40 peer-reviewed publications. Experienced in computational science and marine, benthic, and plant ecology. Coker College, B.A., Biology; University of California, Santa Cruz, Ph.D., Physiological Ecology.

Keith Jenkins, Marine Scientist: Navy Marine Mammal Program, SSC Pacific. Areas of expertise include NEPA Compliance, marine biology, environmental impacts from underwater sound and technical writing and review. Old Dominion University, B.S., Marine Biology 1997; Old Dominion University, M.S., Fisheries Oceanography, 2001.

Earth Tech/AECOM Environment

Helen Chernoff, Senior Scientist: Performs ecological and human health risk assessments, environmental impact analyses under NEPA, and various types of hazardous waste investigations (CERCLA/RCRA). State University of New York at Binghamton, B.S., Biology; Florida State University, M.S., Biology.

Karen M. Coghlan, Public Involvement Specialist and Technical Editor: Project manager for the USWTR EIS 2007-2008. Manages public outreach and edits technical documents. Douglass College, Rutgers University, B.A., English; Michigan State University, graduate study, Education; Kean College, Training Certification; International Association for Public Participation (IAP2), Certification in Public Involvement.

James J. Coyle, Program and Project Manager: Principal Environmental Engineer. Current project manager for USWTR. Manages environmental analyses, air quality and noise analyses, and preparation of NEPA and state-level environmental documents. Columbia University, B.S., Chemical Engineering; Hunter College, M.A., Urban Affairs; New York University, M.S., Applied Mathematics.

Veronica Ditko, Technical Writer: Editor and writer specializing in the preparation of NEPA and other environmental documents as well as public materials such as brochures and fact sheets. University of Massachusetts, Amherst, B.A., Psychology and Anthropology.

Sherry L. Felix, Cartographer/Graphics Designer: Senior cartographer, proficient in computer graphics, GIS, and field mapping applied to environmental impact studies and planning projects. Hunter College, B.A., Geology (minor in geography/biology).

Victor P. Frankenthaler, Senior Environmental Planner: Environmental planner specializing in preparation of environmental impact studies, water and coastal resource planning, and field investigations. Cook College, Rutgers University, B.S., Environmental Planning and Design; Rutgers University, M.S., Geography.

James Labate, Geographic Information Systems Manager: Cartographer, GIS analyst specializing in mapping support of EIS documents, on-line services, geographic and illustrative graphic displays. Manages all GIS and cartographic input to the USWTR document. City University of New York, B.A., Geography.

James M. Mansky, Principal Ecologist: Deputy project manager for the USWTR OEIS/EIS. Ecologist/regulatory compliance specialist in federal and state permitting and environmental impact assessment. University of Miami, B.S., Biology; State University of New York at Brockport, M.S., Zoology/Botany.

Andrew P. Martin, Ecologist: Community ecologist specializing in environmental impact studies. University of British Columbia, B.S. (Honors), Conservation Biology; Fordham University, M.S., Ecology.

Daniel Sheehan, GIS Specialist: Environmental GIS specialist focused on data management and preparation for environmental impact studies, raster data management, viewshed analysis, and NEPA pre-screenings for cellular towers. State University New York at Geneseo, B.A., Geography; State University New York at Buffalo, M.A., Geography/Specialization in GIS.

Geo-Marine, Inc.

Dr. Ken Deslarzes, Project Manager, Senior Marine Ecologist: Project manager, QA/QC, NEPA analyst. University of Lausanne, Switzerland, License of Biology; University of Lausanne, Switzerland, Diploma of Biology; Texas A&M University, Ph.D., Oceanography.

Meredith Fagan, Marine Scientist: Performs sea turtle species impact analyses under NEPA and ESA. University of Virginia, B.A., Biology; Virginia Institute of Marine Science, College of William and Mary, M.S., Marine Science.

Jennifer Laliberté, Marine Biologist: Performs protected species cumulative effects analysis and mitigation measures. Arizona State University, B.S., Biology; Duke University, M.E.M., Coastal Environmental Management.

Juan Levesque, Fishery Biologist: Performs fishery assessments, including essential fish habitat, environmental impact analyses under NEPA, and other environmental assessment support for the requirements under the ESA and MMPA. University of South Florida, B.A., Biology; Nova Southeastern University, M.S., Marine Biology.

Nora Gluch, Marine Mammal Biologist: Performs marine mammal impact analysis under NEPA, the ESA, and the MMPA. Grinnell College, B.A., Sociology; Duke University, M.E.M., Coastal Environmental Management, marine mammals.

Kevin Knight, Senior Technical Developer: Performs database maintenances, data analyses, and production of the maps included in the USWTR DIES report. University of Texas at Arlington, B.S., Geology

Mike Zickel, Marine Scientist: Expertise in marine and estuarine resources, particularly the physical aspects, essential fish habitat, oceanography. Performs environmental impact analyses under NEPA. College of William and Mary, B.S., Physics; University of Maryland at College Park-Chesapeake Biological Lab, M.S., Marine, Estuarine, Environmental Science.

USWTR OEIS/EIS Review Team

Tom Barbee, MCB Camp Lejeune

Allison Barnes, NAVFAC Atlantic

Susan Bird, OGC, NAVAIR

Kelly Brock, CNO

Joshua Bundick, NASA Wallops Flight Facility

Meghan Byrne, NAVFAC Atlantic

Tom Egeland, ASN

Garwin Eng, NAVFAC Atlantic

Amy Farak, NUWC

CDR Keith Gibel, Environmental JAG

Dr. Robert Gisiner, MMC

Amberly Hall, OGC, NAVFAC Atlantic

Jolie Harrison, NMFS

LCDR Steven Hipfel, JAGC, CNO

Barbara Howe, CNRSE

Alison Ling, ASN

Mike Letourneau, Contractor support to SSC Pacific

CDR Jeffery P. Luster, JAG, ASN

David MacDuffee, USFF

Bruce Macomber, Contractor support to NAVAIR

Robert Magee, NAVFAC Atlantic

Kim McConnaughey, USFF

Caroline Miller, OGC, NAVAIR

Tommy Moore, Contractor support to USFF

CDR Jill Morrison, Environmental JAG

David Noble, USFF

John Noles, NAVFAC Atlantic

Agnes Peters, CNO

Elizabeth Phelps, CNO

Natasha Pinckard, NUWC

David Shepherd, OGC, NAVFAC Atlantic

Shari Silbert, NASA Wallops Flight Facility

Bernice Snyder-Perez, NAVFAC SE

Frank Stone, CNO

Scott Sysum, NAVAIR

LCDR Robert Tetreault, NAVAIR

Greg Timoney, Contractor support to USFF

Amy VanDercook, NAVFAC Atlantic

Jennifer Wright, NAVFAC Atlantic

CDR Dominick Yacono, USFF

Ann Young, Contractor support to USFF
