Dear Sir or Madam:

Our office reviewed the referenced project for possible impacts to historic properties listed, or eligible for listing, in the National Register of Historic Places, or otherwise of historical, architectural or archaeological significance. The review was conducted in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended, and 36 CFR Part 800: Protection of Historic Properties and the implementing state regulations.

Based on the information provided, it is the opinion of this office that the proposed undertaking will likely have no adverse effect on historic properties. However, we cannot make a final determination of undertaking effects until we receive and review a copy(ies) of the hydrographic surveys of the trunk cable corridor and range area. We look forward to receipt of these documents.
